ASID IL

The Illinois Chapter of American Society of Interior Designers (ASID-Illinois) is a professional association representing the interest of nearly 1,000 interior designers, students and design industry partner members in Illinois. The chapter is part of the larger 25,000+ member organization whose mission is to advance the interior design profession and communicate the impact of design on the human experience.

NKBA Chicago Midwest Chapter

The National Kitchen + Bath Association (NKBA) is a non-profit trade group that promotes professionalism in the kitchen and bath industry. Established in 1963, it has evolved from a network of kitchen dealers, to the premier association of designers, retailers, remodelers, manufacturers, distributors, fabricators, installers and other industry professionals. The NKBA Midwest Chapter is the country's largest chapter with over 1,800 individual, employee, and student members involved within the local chapter.

Real Estate to the Rescue

Real Estate to the Rescue seeks to mobilize the Real Estate community to address the plight of homeless pets. Although not a rescue organization, Real Estate to the Rescue is a volunteer-run, charitable service organization.
